

Message from the *P&FM* editors to our *ad hoc* reviewers

ACKNOWLEDGMENT TO REVIEWERS

We are very grateful to our family of reviewers who have performed this critical work on our behalf. These reviewers not only have been of inestimable help in assessing the merit of articles but also, by their careful analysis, critique and their general and specific constructive recommendations, have often greatly enhanced the value of these manuscripts. We express our deepest appreciation to the following colleagues, who have given us generous and invaluable help as manuscript reviewers during the past publication year (January 2020 through May 2021). *P&FM* thanks the following reviewers.
